Dear colleagues,

I am glad and honored to invite sailors of your country to take part at the Eugene Kanskis Silver Cup challenge race this year.

Beginning of this race is deeply rooted in the sailing history of our countries. It was established by the Yachting Union of Lithuania to the fastest boat and won by the famous Latvian sailor Eugene Kanskis (1907-1986) with yacht 'Amata' at Nida Regatta in 1938.

Since 2010 the Eugene Kanskis Silver Cup will be challenged again in the longest race of the Riga Gulf Regatta (notices attached).

I do hope that participation of Lithuanian sailors will dignify this race and open new opportunities of good yachtmanship.

With best wishes and good sailing,

Albert Rozin,
Offshore Racing Congress
